CPS

CPS Biotech (HK) Limited

中肽生物 HONG KONG

Version 2026.11.20
Valid until 31 March 2027

Shipping

A flat 75 USD per order to every country, by air express

SHIPPING COST

75 USD

per order, to every country

Dispatch	Within 24 hours of payment, from Hong Kong
Transit	7 to 10 business days to every destination
Carriers	DHL, FedEx, UPS or EMS
Delivery	DAP, to your door, with a tracking number

Regions we ship to

Region	Countries, for example
East and Southeast Asia	Japan, South Korea, Taiwan, Singapore, Malaysia, Thailand, Philippines, Vietnam, Indonesia
South Asia	India, Pakistan, Bangladesh, Sri Lanka, Nepal
Australia and New Zealand	Australia, New Zealand
Middle East	United Arab Emirates, Saudi Arabia, Qatar, Kuwait, Bahrain, Oman, Jordan, Israel
Europe	European Union, United Kingdom, Switzerland, Norway
United States and Canada	United States, Canada
Mexico, Central America and the Caribbean	Mexico, Guatemala, Costa Rica, Panama, Dominican Republic
South America	Colombia, Peru, Chile, Argentina, Brazil, Ecuador, Uruguay
Africa	South Africa, Nigeria, Kenya, Egypt, Morocco, Ghana

Business days in transit count from dispatch. They are estimates, and customs in each country can add days. Any other destination also ships for 75 USD and takes the same time. Your proforma invoice confirms the shipping cost.

Duties and taxes

Delivery is DAP. Import duties and taxes, where your country charges them, are paid by you on arrival.

If customs keeps your order

If customs keeps your order, we reship it once at our cost. We do the same if a parcel is lost in transit. Please check that your country allows the import of research peptides before you order.

Packaging

Discreet, customs-friendly packaging. Vials ship unlabeled in sealed trays of 10, in a plain carton with no product names on it. Cold packs on request.
